- Currently studying a bachelor of IT at Federation University.

## Employment history

### **Warehouse Employee at Glenvue Nursery**

January 2018 – Present

Glenvue Nursery is a local wholesale business specializing in cultivating native and indigenous Australian plants. My roles there include propagation of plants through taking cuttings, repotting established plants and watering of the greenhouses and retail section.

Throughout my years of employment, I have gained an extensive knowledge of native and indigenous plants. I have also developed exceptional customer service skills and the ability to work either independently or as part of a team with confidence.
